DEMOCRATIC COUNTY CENTRAL COMMITTEE MEETING.

THERE WILL BE A MEETING OF THE Democratic County Central Committee held at the Court House in Tombstone, on Saturday, the 12th day of August, 1883, at 7 o'clock, P. M., to issue a call for holding primaries to choose delegates to a county convention, and to appoint the delegates thereto. A full attendance is requested. GEO. G. BERRY, Chairman.

For Delegate to Congress,

Granville H. Oury.

For Superintendent of Public Instruction,

W. B. Horton.

THE Grant strikers are already laying wires to capture the next Republican convention for the old man. Arthur is turning the Garfield Republicans out of office faster than is consistent with decency, and filling the public crib with unadulterated Stalwarts. This is undoubtedly a move in the interest of the hero of Appomattox, and if the half-breed element of the party wish to get away with him it will be necessary to get up and dust. The Republicans cannot shake off Grant; the party is mortgaged body and soul to him, and if he cannot rule it he has strength enough to spread havoc throughout the entire organization. One thing is certain: if the Republicans don't nominate Grant, and give the people a chance to sit down on him, he will be a white elephant on their hands during the remainder of his natural life. He don't seek power so much as money, and in order that he may get his hand occasionally in the neighborhood of the public treasury, he wishes to be President. Grant is a natural beggar, and has made up his mind to enrich himself and family at the expense of the taxpayers.

THE political sky is not so clear in New York as Republicans could wish. The call for a meeting of the Republican State Central Committee in New York, to be held August 24, starts discussion in the Empire State regarding the coming campaign. Independent Republican newspapers, like the Albany Journal and Buffalo Express, serve notice on the stalwarts that any attempt to run the Convention by machine tactics will be promptly resented by the Independents. In fact, nobody seems to know exactly how Republican differences are going to shape themselves, but the impression prevails that Governor Cornell stands a fair chance of receiving a new nomination, although his election is another affair. The prospects for a Democratic victory both in Pennsylvania and New York are becoming brighter every day.

THERE is no hope of compromise between the warring factions of the Republican party in Pennsylvania. The fight goes bravely on, and there is not a shadow of doubt but Robert Pattison the Democratic candidate, will be the next Governor of the old Keystone state. Wallace and Randall have already entered the field as candidates for the Senate to succeed Don Cameron. The administration is filling the Pennsylvania Federal crib with Cameron strikers, but it has no other effect than to make the Independents more active and vigilant. The power of the Camerons is waning.

A PATIENT and long suffering people are anxious to find out whether Dibble is a stalwart or a half-breed? In the natural order of things, as a prominent and confidential member of the late sweet scented organization of Louisiana, we are inclined to believe that he belongs to the stalwart wing. Perhaps our esteemed evening contemporary can enlighten us on that point.

THE \$100,000,000 pension steal and the \$17,000,000 river and harbor plunder are bright examples of what picturesque thieving can be done by a Republican Congress. Add to this the naval appropriation of \$19,000,000, which the Democrats have succeeded in staving off so far, and you have the great jobs complete.

GOVERNOR TRITTE has arrived home from Washington, and the organs will be busily engaged for the next month trying to prove that he performed some service for the Territory during his absence. They will have a tough job on their hands.

It is strange that the Pima county Board of Supervisors have not replied to the proposition of Cochise county regarding unity of action, to prevent, if possible, the consummation of the Yavapai census fraud. The silence of the Pima county commission can only be attributed to one cause. Mr. Clark Churchill, the astute northern Arizona politician, was in Tucson at the time the Pima county board received the proposition, and it is more than probable that a job was then and there effected. It has been an open secret for the past few days, that Churchill promised fifteen hundred extra votes from Yavapai county to the Republican territorial ticket, in consideration of a passive policy regarding the census fraud, by Pima and Cochise county Republicans. It has been asserted that Churchill and the leading radicals of Pima county, including the chairman of the Board of Supervisors held long and frequent consultations, and the Tucson politicians were less violent in denunciation of the fraud after each meeting. It is well that the people of southern Arizona should understand this deal. The Republican politicians are willing to barter away the proper representation of the southern counties in the legislative assembly in consideration of a "returning board" for the manufacture of ready-made voters, being instituted at Prescott. Such, in all probability, are the conditions of the treaty subscribed to by Clark Churchill and the Tucson Republicans. The people should bear it in mind on election day and properly repudiate the tricksters who seek to lead them into such a disgraceful alliance.

OUR mining report to-day shows a steady increase in development, all along the line. Several new mines are being opened up, and the old ones are yielding their usual quota of bullion and first-class ore. Additional reduction works are shortly to be erected, and altogether the camp looks more prosperous than ever. From the county at large, reports from the various mining districts are extremely flattering. The Copper Queen is turning out an immense quantity of bullion, and developments in the mine make a most wonderful showing. The smelter at Russell is steadily running on ore from the Peacock mine, and all the main properties in Cochise district are looking well. From Winchester, Turquoise, Huachuca, and other well known camps, information reach us going to show rapid progress in development and splendid prospects. Cochise, although the newest, ranks all others in the Territory, in mineral wealth.

THE Payment of taxes by the Atchison, Topeka & Santa Fe, and Southern Pacific railroads will leave Cochise County almost, if not entirely, out of debt. If the Board of Supervisors can manage to consummate the negotiations now pending, relative to a payment of last year's taxes, the members thereof will deserve much commendation from the people. An average of \$11,000 per mile, as a basis for taxation of railroad companies, is fair, and yields a certain and permanent revenue for the county.

MR. OURY is asked, by a Republican journal, to stand up and explain why, within a period of eight days before adjournment of Congress, he did not prepare and have passed through the House and Senate, and secure the Presidential signature thereto, a bill setting aside the Yavapai census. By all means let him explain e'er the brains that run the Republican party of Arizona, collapse with the intense strain attending the effort to solve so obtuse a problem.

THE Tucson Star has been enlarged to an eight column paper, and otherwise improved. We are pleased to note this evidence of its deserved success. Under the able management of Mr. Barrett, the Star has rapidly gone to the front in the field of journalism, and its future success is firmly fixed upon a permanent basis.

CLARK CHURCHILL is acquiring an astonishing reputation as a political wizard. Or, perhaps, the newspapers are giving him notoriety, without any fault of his.

THE Los Angeles Herald is to be enlarged. The brain power that conceives the vigorous editorials of that able journal cannot have too much room.

THE rabble of the Republican club have no respect for twenty years' experience in the heated political atmosphere of Nevada.

THE EPITAPH has better correspondence, on mining and general matters, than any journal published in Arizona.

THE Republican primary elections yesterday were singularly devoid of interest to everybody save the personal aspirants for office. It was a recognized fact among thinking people that the primaries were a mere form, and that the candidates of the ring would be selected when the convention meets, irrespective of pledges or promises made yesterday. The most astonishing part of the performance was the number of satellites that hung around the candidates-in-chief. Each of the candidates for Sheriff had at least promised the convention meets, irrespective of pledges or promises made yesterday. The most astonishing part of the performance was the number of satellites that hung around the candidates-in-chief. Each of the candidates for Sheriff had at least promised the convention meets, irrespective of pledges or promises made yesterday.

A MR. DIBBLE, is looming, or rather booming, as the Republican candidate for Congress. Trot him out. Democrats would not fear him, even though he spelled the middle portion of his name with other letters, and had a tail thereto. [Prescott Courier.]

Get thee gone, ignoramus. "A Mr. Dibble," indeed; why we have the only real, bona fide, ne plus ultra, genuine Dibble; the Dibble who doctored election returns in Louisiana, and led the niggers like a pack of sheep, and who performs the same service for the Cochise county Republicans, without serious interruption. If he hasn't a "v" in the middle of his name, the other Republican aspirants will be made believe that a letter don't make much difference, by the time the Territorial convention concludes its labors.

THE Republicans of Pima county have gone into partnership with Clark Churchill, the conditions being as follows: Churchill is to form a syndicate in Yavapai county for the manufacture of fraudulent voters, fifteen hundred of which are promised the Republican candidate for Delegate to Congress. Southern Arizona is to furnish the Republican Congressional candidate, and Southern Arizona Republicans are to keep judiciously silent on the subject of the Yavapai census fraud. Such is the deal concocted and perfected to defeat the will of the people of Arizona. Under such conditions what could be more appropriate than that the member of the late Louisiana vote factory, residing at present in Tombstone, should lead the van.

THE Foreign Affairs Committee of the House of Representatives have exonerated Mr. Blaine from all blame in the Chili-Peru complications. This is nothing more than was expected and demanded by the people. Whatever sins of commission or omission can be laid at Mr. Blaine's door there is no denying that his foreign policy while Secretary of State was the most spirited and patriotic, since Marcy retired from the state department. If the stalwart bullet had not sought the life of Garfield, Blaine as his foreign minister would have enacted a policy that would make us respected abroad, and left us a heritage in the shape of precedents for the guidance of future administrations.

IN the Egyptian conflict Arabi Pasha has won first blood. In the first set skirmish between the troops the British fled precipitously, leaving the conquering Arabi in possession of the field. It is more than likely, from present appearances, that Gladstone undertook a tough contract when he promised to subdue Arabi. The rebel chief has hoisted the "sacred flag" and the hordes of Islam are flocking to his standard from Syria, Arabia, Egypt and Algiers. There is no scarcity of men or munitions of war and England is in a fair way of receiving a sound drubbing than at any period within the memory of the present generation.

THE trial of the Star Route conspirators is gradually but surely assuming the appearance of a huge national farce. The government is half-hearted in the prosecution, the jury were impanelled to acquit, and the judge long ago exhibited indecent partiality for the prisoners. The entire press of Washington, with a few honorable exceptions, are retained to blackguard and browbeat witnesses, and the criminals are laughing in their sleeves at the futile efforts to bring them to justice. The millennium will indeed have arrived when a Republican administration will punish Republican criminals.

THERE is no longer any doubt but Mr. Clark Churchill has the naming of the Republican candidate for delegate. With fifteen hundred votes in his breeches pocket, there is no discounting his influence in the councils of the party.

TELEGRAPHIC.

GENERAL NEWS.

Political Gathering.

NEW YORK, August 3.—The attendance at the late civil service reform association is unusually large. After the executive session, George William Curtis delivered an address, which was a severe arraignment of President Arthur for the removal of competent officials. Carl Schurz, Harris, Rogers, Youghn and Gassel were appointed a committee on resolutions, and recess was taken. After recess George William Curtis was re-elected president. The resolutions adopted favor independent action on the part of any person desiring to promote civil service reform, and set forth the practicality of securing increased representation in the next congress.

ATLANTA, August 2.—The state Republican convention met to-day, one hundred and fifty delegates were present, about one hundred having gone to another convention, headed by the executive committee and certain white representatives known as "Georgia Syndicate." Nothing of consequence was done beyond the appointment of committees.

PEORIA, Ill., August 3.—The Greenback convention adopted resolutions favoring Arabi Bey in his fight with bond-holders, tax-eaters and shysters.

SHOOTING IN SAN FRANCISCO. SAN FRANCISCO, August 3.—At 5 o'clock this evening Patrick Burns, a gambler, recently from Virginia City, was shot three times by Julian Pinto, a young attorney, at 427 Bush street. The shots took effect in the leg, arm and back, and the wounds are considered very dangerous. The parties had a quarrel on the 31st of July, resulting in Burns giving Pinto a round whipping. This evening they met again, when Pinto drew a pistol and shot his foe. Pinto is in custody on a charge of assault to commit murder.

A Denial.

MINNEAPOLIS, August 3.—Dr. Collins, of this city, brother of Jerome Collins, denies the accuracy of the recent interview with him by a local reporter, which was telegraphed to the press. He says he saw Danen-hower once, but did not see Newcomb while in New York, and that the grounds upon which he asks an investigation into the loss of the Jeanette is information that has been given to the public through other sources.

A Philanthropic Gambler.

JEFFERSON CITY, August 3.—The Governor has pardoned the three lottery men, Pate, Lehdorf and Glard, in jail for lottery business. They have been imprisoned sixteen days. The Governor pardons them because they promise not to gamble while the present law exists, and Pate promises to devote his talents to the prosperity of the State of Louis.

The Dreaded Malady.

AUSTIN, Texas, August 3.—The Mayor of Rio Grande City yesterday telegraphed the Governor that yellow fever had broken out in the town on the Mexican side of the river and a panic existed, Rio Grande City being overrun with refugees. The Governor instructed him to use his discretion until the health officers of the State arrived.

Elephants Escape.

TEBY, N.Y., August 2.—Four elephants belonging to a circus escaped to-night. Several persons were injured. One elephant entered a rolling mill and cleaned it out. Three elephants were secured, but the most vicious one is at large.

Bruins Lynched.

GLAUGOW, Ky., August 3.—Bish Pemberton and Richard Spearman, of Monroe county, charged with an unspeakable crime against Miss J. B. Barrett, while being brought here for safe keeping were shot to death yesterday.

South Carolina Democrats.

COLUMBIA, S. C., August 2.—The Democratic convention platform declares in favor of civil service reform; increased duties on imports, and the abolition of revenue taxation as far as possible.

A Blow at Chicago.

CHICAGO, August 3.—There is some chance that Chicago will not have a cardinal, as it is alleged from New York that Archbishop Feehan will not be created a cardinal at present.

The Mormons Surprised.

SALT LAKE, August 4.—To-day the Tribune telegraphed F. Shaber, acting Secretary of the Senate, for the full text of the amendment to the sundry civil appropriation bill, which passed the Senate yesterday, and secured the following in reply: "The Governor of the Territory of Utah is hereby authorized to appoint officers in said Territory to fill vacancies which may be caused by failure to elect in August, to hold their offices until their successors are elected and qualified, provided the term of office shall not exceed eight months." This is a complete surprise to the Mormons, as it takes from them all the county offices and will place the Territory on an American footing.

Without this amendment law-defying polygamists would hold offices which the Edmunds bill was intended to deprive them of. No doubt the bill will pass the House as it came from the Senate. It is the greatest triumph yet achieved over polygamists.

Probable Railroad War.

BOSTON, August 3.—A dispatch from Chicago to-day foreboding a railroad freight war between the Atlantic and Pacific coasts stirred up the people here. Business obtained by taking California trade at cheap rates is regarded as sufficient to induce certain railroads to break pool.

Georgia Radicals.

ALBANY, Ga., August 4.—The syndicate wing of the convention adjourned, after endorsing Gartrell for Governor, Longtree for Congressman at large, and a State ticket. The regular Republican convention adjourned after recommending Gen. L. Gartrell for Governor and nominating R. D. Locke for Congressman at large, and a State ticket. Resolutions were passed endorsing the administration.

The Sprague Estate.

AUGUSTA, Me., August 4.—The Sprague mills and belongings were sold at auction yesterday for \$151,000 to Jacob Edwards, of Boston. The property cost \$1,400,000, and they have been the best of paying mills under a receiver.

A Business Gauge.

NEW YORK, August 4.—Business failures reported in New York for the past seven days, 104 against 111 last week. Eastern States furnished 16, Western 30, Southern 7, Middle 24, Pacific coast and Territories 13.

A Paper Mill Consumed.

ELKTON, Md., Aug. 4.—A portion of the Providence paper mill, owned by the Philadelphia Record, was burned this morning. Loss estimated at \$60,000.

A Destructive Storm.

MILWAUKEE, August 3.—A destructive storm swept over the city to-day. Damage to property \$50,000 to \$100,000. Two lives reported lost.

A Bad Man Jailed.

SAN ANTONIO, Texas, August 4.—Bernard Stevens, a villainous character and a California murderer, was arrested and jailed here yesterday.

Competition the Life of Trade.

OMAHA, August 3.—The Union Pacific railway has entered into racing overland freight trains against the Southern route.

Death of an Old Legislator.

BRACTON, Mass., August 3.—Artemus Hall, the oldest ex-member of Congress, died last night, aged 98.

WASHINGTON NEWS.

WASHINGTON, August 2.—The House, by 123 to 60, passed the river and harbor bills over the veto.

The House Committee on Judiciary has adopted, by a vote of 10 to 1, Knott's resolution declaring the forfeiture of land granted the Texas and Pacific Railway. The grant was transferred to the Southern Pacific Railway of California. Some objection was made to the phraseology of the resolution and the committee will meet again tomorrow for the purpose of revising it.

WASHINGTON, August 1.—The House Committee on Commerce met to-night. The President's veto on the river and harbor bill was the topic of discussion by them, and the committee practically agreed to report a resolution to-morrow, recommending the passage of the bill over the veto. Another meeting of the committee is called for to-morrow morning, when members say the subject will be further considered, and a definite plan of action decided on.

In the Star Route cases General Sherman was examined to-day. Speaking of Arizona routes, Sherman said in that Territory there were 4,500 Apache Indians kept corralled by the military to prevent them from making depredations on settlers. Frequent mails gave warning of such outbreaks and gave settlers an opportunity to make defense. On cross examination Sherman said he would prefer a slow daily mail to a less one through faster service.

WASHINGTON, August 2.—In the vote passing the river and harbor appropriation bill over the President's veto, Representatives Rosecrans and Page voted with the ayes, as did also Senators Miller, Farley, Representative George and Senator Jones. Fair was absent, but would have cast his vote similarly. The above are all the votes cast by Pacific Coasters.

Sunset Cox says of the President's veto of the river and harbor bill. The message is a gamy document and will do a great deal toward helping Arthur to secure the nomination, but gentlemen who have spent months in the struggle to secure a large appropriation for their districts, in private have no words too severe for their condemnation of the President.

WASHINGTON, August 3.—An analysis of the vote in the House on the veto of the river and harbor bill, shows that 71 Republicans, 47 Democrats and 5 Greenbackers voted in the affirmative, and 29 Republicans, 29 Democrats and 1 Greenbacker voted in the negative. Page, in the House, spoke in behalf of the bill and was warmly seconded by Jones, of Nevada, in the Senate. Senator Jones earnestly advised the President not to veto the bill, and is said to have told him that the veto of the river and harbor bill would certainly lose the Republican party in the Pacific Coast States. That section had large interests in the bill, and it could not endorse two vetoes—one of them the veto of the Chinese bill—in a single session of Congress, without placing the Democratic party in power.

At the close of the roll call in the House, on the vetoed bill, a large number of pairs were announced. The clerks complained there was no statement as to how the paired members would vote, but stated on the floor that McCook, Marcy, Prescott and Cassidy would vote in the negative, and Pacheco, Thomas, Russell, Forrest, Morton, Covington, Muldrow, Hooker and Mooney in the affirmative.

Dunnell, from the Committee on Ways and Means, reported a bill to the House, providing that claims for the redemption of two-cent documentary stamps may be allowed by the Commissioner of Internal Revenue. Passed.

WASHINGTON, August 3.—The Conference Committee on the naval appropriation bill made favorable progress. An agreement was reached on most of the essential points.

The sundry civil appropriation bill will probably be passed Monday. The real work of the session will probably be completed before the adjournment on Saturday night.

The President to-day nominated Wm. Waldorf Astor, of New York, as Minister to Rome. Astor was one of the 26 in the New York State Senate who voted from the first to last for the re-election of Conkling.

The Senate passed the House bill to re-adjust the tonnage measurement of American vessels. This is considered an important step, reviving maritime interests. The tax reduction bill was debated, but without action.

On application of a Chinaman for naturalization papers, Judge Wyle informed him that the Chinese bill recently enacted positively forbid naturalization.

FOREIGN.

A Probable Reinstatement.

PARIS, August 2.—It is highly probable that Defreynein will resume the Premiership. This was seriously talked of at the meeting of senators of deputies last evening.

TURKISH TROOPS FOR EGYPT.

CONSTANTINOPLE, August 3.—The first Turkish transport left this evening for Egypt. The European officials at Smyrna have warned their governments that men-of-war are necessary there, as the slightest quarrel might lead to serious disturbance.

AN EXPECTED MASSACRE.

ALEXANDRIA, August 3.—Last evening and to-day an alarm was caused by the rumor of an impending massacre of the Christians, and patrols have been ordered to increase their vigilance and police to confiscate arms from natives.

NEWS FROM THE SEAT OF WAR.

ALEXANDRIA, August 3.—A reconnaissance was made at 3 o'clock this afternoon, five miles beyond Romeh, the outpost of the enemy's position. It was found almost abandoned, with the exception of a few videttes. None of their force was observable. A few shots were fired, but there were no casualties.

SUEZ, August 3.—Several hundred British marines occupied the town without resistance. The Egyptian troops fled.

To Check Land Monopolies.

DUBLIN, August 3.—Parnell is about to issue a circular, with a view to checking land monopolies.

An Extraordinary Offer.

There are a number of persons out of employment in every county,—yet energetic men willing to work do not need to be told that willing to work can make from \$100 to \$500 a month clear, working for us in pleasant and permanent business. The amount our agents make varies, some making as high as \$200 a month, while others as low as \$100, all depending on the energy of the agent. We have an article of great merit. It should be sold to every house-owner, and pays over 100 per cent profit. Each sale is from \$25 to \$100. One agent in Pennsylvania sold 32 in two days and cleared \$640. An agent in New York made \$45.00 in one day. Any man with energy enough to work a full day, and will do this during the year can make from \$2,000 to \$6,000 a year. We only want one man in each county, and to him we will give exclusive sale as long as he continues to work faithfully for us. There is no competition, and nothing like our invention made. Parties having from \$300 to \$1,000 to invest can obtain a General Agency for ten counties or a State. Any one can make an investment of from \$25 to \$100 without the least risk of loss, as our circulars will show that those who invest \$25 can, after a 30 days' trial, return the same amount to us and get their money back if they do not clear at least \$100. They show that a General Agent who will take ten counties and invest \$25 can, after a trial of 90 days, return all goods unsold to us, and have money returned to them if they fail to clear at least \$750 in that time. We are not paying salaries, but want men willing to work on basis of their own profits of their energy. Men not willing to work on our terms will not work on any. Those meaning business will receive our large descriptive circular and extraordinary offer by enclosing a three cent stamp with their address. The first to comply with our terms will secure the county or counties they may wish to work.

Address, REMMER MANUFACTURING CO., 118 Smithfield Street, Pittsburgh, Pa. j721mdw

Lawrence Collins.

NATIVE OF NEWCASTLE WEST, COUNTY LIMERICK, Ireland. Left California, where he worked in the mines for many years, about ten years ago, to go to Arizona. Age, 48 years. Any one knowing of him or his whereabouts, will be greatly obliged by communicating with his brother, Michael Collins, 279 Clementine Street, San Francisco, Cal. j716mdw

Notice.

GALEVILLE, COCHISE COUNTY, A. T. NOTICE IS HEREBY GIVEN TO C. A. Milner, his heirs, assigns or administrators, that we have performed the assessment work on the Cochise mine, situated in the California Mining District, County of Cochise, Territory of Arizona, for the year ending December 31st, 1882, and December 31st, 1881, return the same amount to us and get us in accordance with law, this is therefore to notify you if you fail to pay your proportion of said work, amounting to \$100.00 and cost of publication of this notice, within the time prescribed by law, your interest in said mine will cease and become the property of the undersigned, by virtue of Section 2254, Revised Statutes of the United States. FRANK M. DODGE, C. A. MELCHER.

Notice to Creditors.

ESTATE OF GEORGE T. RUSSELL, deceased. Notice is hereby given by the undersigned, administrator of the estate of George T. Russell, deceased, to the creditors of, and all persons having claims against the said deceased, to exhibit them with the necessary vouchers, within four months after the date of the publication of this notice, to the said administrator, at the office of the Probate Judge, Rooms 1 and 2, Mining Exchange Building, at Tombstone, in the County of Cochise, Territory of Arizona. E. J. BICKELL, Administrator of the Estate of GEORGE T. RUSSELL, deceased. Dated at Tombstone, July 28, 1883. j728dw

An Extraordinary Offer!

To Agents.

GOODS UNSOLD RETURNED

If you are out of employment and want to start in a business you can make from \$3 to \$10 a day clear, and take no risk of loss, we will send you on receipt of \$11, goods that will sell readily in a few days for \$35. If the Agent fails to sell these goods in four days, they can return all unsold to us, and we will return them their money. Can anything be fairer? We take all risk of loss, and the agent gets started in a business that will be permanent, and pay from \$1,000 to \$5,000 a year. Ladies can do as well as men. We want an Agent in every county. Full particulars free. Address, U. S. Manufacturing Co., No. 116 Smithfield Street, Pittsburgh, Pa. j728dw

Notice of Assessment.

SAN PEDRO MINING COMPANY. LOCATION of principal place of business, San Francisco, California. Location of works, Tombstone Mining District, Cochise County, Arizona Territory. Notice is hereby given that at a meeting of the Board of Directors held on the 1st day of August, 1883, an assessment (No. 8) of Five (5) Cents per share was levied upon the capital stock of the Company, payable immediately, at the office of the Company, Room 44, Nevada Block, No. 309 Montgomery Street, San Francisco, California. Any stock upon which assessment shall remain unpaid on the 31st day of September, 1883, will be delinquent, and advertised for sale at public auction; and unless payment is made before, will be sold on Monday, the 31st day of October, 1883, to pay the delinquent assessment, together with cost of advertising and expenses of sale. By order of the Board of Directors. HENRY DEAS, Secretary. Office, Room 44, Nevada Block, No. 309, Montgomery Street, San Francisco, Cal. and 10
